LIFELONG LEARNING PROGRAMME – ERASMUS INTENSIVE PROGRAMME:

‘Towards a Scientific Career: an Introductory Course for Research in Biomedicine and Biotechnology – BIOMED-TECH’ Second Edition, GRANADA, SPAIN, 2ND – 13TH JUNE, 2014

SCOPE

This course is designed to introduce students to a research career in the sphere of Biomedicine and Biotechnology, taking advantage of the particular strengths of CEI BioTic (the Campus of International Excellence of the University of Granada, Spain) as Coordinating Institution. The Partner Institutions of the Programme, working alongside the University of Granada (UGR) are the University of Nottingham (United Kingdom) and the Universidade Nova de Lisboa (Portugal). The research companies participating are Abbott Laboratories SA, Bio-Iliberis R&D, Neuron Bio and Fundación MEDINA. Renowned guest lecturers from universities and research centers external to the consortium will also collaborate. The programme is sponsored by the EACEA, OAPEE and UGR.

AIMED AT STUDENTS FROM THE UNIVERSITY OF GRANADA

The programme, which will be delivered in English, is aimed at last course graduate students or master and PHD students of the UGR in the areas of Medicine, Biology, Pharmacy, Biochemistry and other biological and biotechnological sciences.

The number of participants is strictly limited to 5 students per participating University, to ensure an effective level of interaction between students and lecturers. The course will take place full-time from 2nd to 13th June, 2014, in Granada.

HOW TO APPLY

To be eligible for the course, individuals should apply online from May 1st – 10th, 2014, via the following link:

<http://biotic.ugr.es/pages/lifelong-learning-program-erasmus-intensive-program>

Please note that the selection process may include a face-to-face or telephone/Skype interview conducted in English.
